OENOBIO International Conference

University of Agronomical Sciences and Veterinary Medicine

Bucharest, Romania

18 November 2019

Progress and challenges of organic viticulture and winemaking

(Progrese și provocări ale viticulturii și vinificației ecologice)

9:30-11:30 OENOBIO Conference opening

9:30-9:40 Conference opening - a word from the Rector of USAMV Bucharest (**Sorin Mihai CÎMPEANU**)

09:40-10:00 OENOBIO Strategic Partnership project and the achievements during the first IP in Geisenheim (**Pierre Louis TEISSEDRE**)

10:00-10:20 Organic products importance for the EU (**Denis de FROIDMONT**, European Commission, DG Agriculture and Rural Development)

10:20-10:30 The role and importance of organic viticulture in Romania (Ministry of Agriculture and Rural Development).

10:30-11:00 Coffee break

11:00-13:00 Part 1. OENOBIO and Solutions for a performant and economically viable organic viticulture

- Varieties tolerant to fungal diseases: a solution for a sustainable organic viticulture? (**Laurent TORREGROSA** and H. Ojeda)
- New resistant varieties and implications for organic viticulture (M.R. GONZÁLEZ-CENTENO, Z. RASINES-PEREA, K. CHIRA, J.-L. ESCUDIER, A. SAMSON, H. OJEDA, L. PIC, J. ROUSSEAU, P. GAUTHIER, D. VIGUIER, **Pierre Louis TEISSEDRE**)
- Production of organic table grapes (**Vittorino NOVELLO**)
- Research on the exploitation of biodiversity in vine systems to reduce pests and diseases attack (**Aurora RANCA**, Anamaria PETRESCU, Mihaela CÎLȚ, Ayar ENE)
- Origanum vulgare vapor primes defense mechanisms in grapevine (*Vitis vinifera*) and hampers Plasmopora viticola infection (**Markus RIENTH**, Julien CROVADORE, Sana GHAFARI, Marylin CLÉROUX, Arnaud PERNET, Eric REMOLIF, Jean-Philipp BURDET, Francois LEFORT)
- Integrated, organic and biodynamic viticulture (INBIODYN): a comparative study over a 13-years-period (Johanna DÖRING, Georg MEISSNER, Matthias FRIEDEL, **Yvette WOHLFAHRT**, Manfred STOLL and Randolph KAUER)

13:00-14:00 Lunch break

14:00-15:30 Part 2. Organic wine challenges and opportunities and OENOBIO contributions

- Organic wine production guidelines (**Stéphane BECQUET**, Arina Oana ANTOCE)
- Cleaning and disinfection in organic wine production (**Joan Miquel CANALS**, Albert MAS, Fernando ZAMORA)
- Wines without sulfites (**Stéphane BECQUET**)
- Bioprotection and sulphur dioxide reduction in winemaking (Joana COULON, **Nicolas NÈVE**)
- The influence of cultivation technology on the phenolic composition of Feteasca neagra variety grown in Murfatlar (**Victoria ARTEM**, Elisabeta-Irina GEANA, Roxana Elena IONETE, Arina Oana ANTOCE)
- Principles of modern biodynamic viticulture and winemaking applied at Bogdan Domain, Romania (Bogdan MIHALCEA, **Ana Maria TOADER**, **Vlad BURUGA**)
- Organic wines as new category in the International Wine Contest of Bucharest (Cătălin PĂDURARU, Daniela PĂDURARU, **Arina Oana ANTOCE**)

16:00-16:30 Coffee break and winetasting

16:00-17:30 Part 3. Organic wine marketing and OENOBIO

- Production, consumption and market of organic wines (**Anne HUBERT**)
- Organic viticulture and wine in Republic of Moldova (**Gheorghe ARPENTIN**, Vasile BULAT)
- Consumer expectations regarding organic wines (**Arina Oana ANTOCE**)
- Organic wine production in Romania – preliminary results on consumer perception (**Sandra-Elena CAHU**, George Adrian COJOCARU, Arina Oana ANTOCE)
- Workshop/round table concerning the types and styles of wines related to organic field in the framework of Oenobio (All representatives from partner universities).
